

## What's new at Washington Roofing & Insulation

Washington Roofing & Insulation is working hard to navigate through a time of material shortages and high demand. We are so thankful for our dedicated customers and all of our new customers as well. You are truly the best!!! Our crews will continue working hard for you. We hope you enjoy our newsletter and we are happy you are here!

## Happy Birthday America

We hope you enjoyed your 4th of July holiday. As we celebrated our nations freedom we also honored the courage of the men and women dedicated to preserving it. We will never take their sacrifice for granted.

We are proud to be Americans.

## Be Earth Friendly

Restoring your existing roof and reusing the current materials drastically reduces landfill waste and improves the environment. Many of our coatings contain ultra low or zero VOC's and can qualify for the US Green Building Council's LEED program for Sustainable

## We love roof restorations!!

### TPO Roof Restored!

Prolonged exposure to UV radiation can really take its toll on a TPO roof. Coating restoration on a TPO roof is an excellent way to extend the life of the membrane, create a monolithic roof system and save \$\$\$\$. We were so excited to restore yet another weathered TPO roof. It looks fantastic!!!!
